ESTRO BASS 15P

15" Bass-Reflef Passive Subwoofer

ESTRO BASS 15P is a passive, bass-reflex subwoofer that is compact, lightweight and very easy to use. It is ideal for both fixed installations and for live music events or general PA. ESTRO BASS 15P has a program power of 1200W with 15” professional custom woofer. This model has a sturdy, lightweight and stylish plywood housing with metal grille and acoustic foam to protect the transducers inside and give an attractive appearance. It also has 2 recessed handles (1 on each side) and a standard M20 mounting hole to allow any type of installation with SUBST100-BK or SUBST100-M20 poles. Finally, it is arranged to mount 4 x 100mm wheels on the back for easy transportation and storage.
